Pamela and Jennie -- Martha Workman should be adding a call-in # to the 5 pm meeting momentarily.

In the meantime, Nancy had a meeting this morning with Bob S., Ann Campbell, etc. to talk about the overall status of efforts across the agency. As a result of the meeting, she has copies of the attached doc, which includes a summary of Dimock. So no need to duplicate the gist of what's here, but I'm sure any updates would be helpful.

Thanks,  
Matt
